DONATIONS

There are any number of places that can use donations in money or in kind. Fundación Ayuda Niños La Paz, A.C., is a non-profit organization which sponsors a breakfast program which feeds about 110 children 3 mornings a week, a lunch program for 150 children 5 times a week, as well as provide scholarships for a 150 junior and senior high school students who otherwise would finish schooling after 6th grade. They can use clothes, shoes, school supplies, gifts at Christmas.

There is an orphanage, an old folks' home, a rehabilitation center, and a boarding house for relatives of country folks in the hospital. Marina de La Paz will accept donations for all and distribute them to whichever group you prefer.
